

# WEETON PRIMARY SCHOOL

## Our Intent

Here at Weeton Primary School, we take pride in our carefully designed curriculum provision that aims to encompass and reflect the uniqueness of not only our impressive surroundings and facilities, but most importantly, the uniqueness of each and every child in our care.

Our curriculum is driven by the need to prepare our children for lifelong learning and provide them with the knowledge, skills and understanding that will enable them to play a full and active part in society. Our curriculum encompasses not only the formal requirements as set out in The National Curriculum 2014, but goes far beyond those experiences of the classroom, to ensure that our children gain rich, varied opportunities and most importantly, make lasting childhood memories.

With our outstanding Forest School facilities at the heart of what we stand for, the curriculum provision at Weeton aims to provide tailored opportunities designed to help our children flourish as confident, resilient, and caring independent learners. We want our children to be intrigued by the world around them and cultivate a love for nature and our planet. We aim to help our children recognise and respect the wonderfully diverse society that we live in and share. We celebrate our differences and recognise individuality. We aim to enrich every child's experiences by creating and fostering environments where it is safe to 'be brave' and 'have a go' whilst remaining respectful and proud of each other and themselves.

At Weeton, we regularly review and adapt our curriculum provision in order to ensure that we are meeting the needs of our children and our changing cohorts. One constant however, is our embedded goal of ensuring that each and every child leaves our school, no matter how long or short their stay, educationally richer, emotionally secure and ready to embrace their next stage of learning in the big, wide world. And we try our very best to do this, the Weeton Way.
